Wage Workers' Worries. LAPVETTE, Ind., Dec. 14.—Brakemen of the Louisville, New Albany & Chicago road today joined the freight conductors, cisiming that if conductors are entitled to extra pay they are surely entitled to the same. At 11:45 today the officials mode up a freight and attempted to start it in charge of Conductor Wing. On the front end of the train was a new brakeman, who was waited on by about twenty striking brakemen and requested to quit. He re-fused and was kicked by one of the strikers when he got off. Conductor Wing was on the engine and was waited on by a committee from the striking conductors, who made a statement of the cause of the strike when he took the train back to the yard and resigned. Officials say they are determined to take a train out tonight.
